2005-2006 Annual Consolidated Application

For ESEA Federal Programs Title I, Part A; Title II, Part A; Title II, Part D; Title IV, Part A; Title V, Part A; Title VI, Part B, Subpart 1; Title VI, Part B, Subpart 2

Submit Application

Due date: Submit no later than May 30, 2005

Project Year: July 1, 2005 - September 30, 2006

AR Name Tom Cotton
District Name Deer Lodge Elem
Mailing Address 444 Montana Avenue Deer Lodge MT 59722
E-mail tomcotton@deerlodgeschools.org
Telephone 4068461553
CO 39 LE 0712

Applications submitted no later than May 30, 2005, will be approved to begin July 1, 2005. Applications submitted after May 30, 2005, will be considered based on availability of funds. Funds for Title I, Title II, Title IV, Title V, and Title VI will be available until September 30, 2005. Payments will begin after final approval is obtained and the Cash Request Form has been received.

General Project Information: This is the annual portion of the consolidated application for participation in federal programs prescribed under the Elementary and Secondary Education Act (ESEA), as amended by the "No Child Left Behind Act of 2001" (Public Law 107-110).

This application includes basic financial and program information and will be completed in its entirety ONLY by districts that receive and manage program funds (prime applicant districts) for any of the listed federal programs: Title I, Part A—Improving Basic Programs; Title II, Part A—Teacher and Principal Training and Recruiting Fund; Title II, Part D—Educational Technology; Title IV, Part A—Safe and Drug-Free Schools and Communities; Title V, Part A—Innovative Programs; Title VI, Part B, Subpart 1—Small Rural Schools; and Title VI, Part B, Subpart 2—Rural Low-Income Schools.

PRIME APPLICANT: The Consolidated Application requires a single legal entity prime applicant for the application. A "prime applicant" is the legal entity that files the application, receives and manages program funds, and ensures funds are audited in accordance with federal requirements.

The Prime Applicant District identified above is applying for the following program funds:

- [x] Title I, Part A
- [x] Title II, Part A
- [x] Title II, Part D
- [x] Title IV, Part A
- [x] Title V, Part A
- [ ] Title VI, Part B, Subpart 1 (SRS)
- [ ] Title VI, Part B, Subpart 2 (RLI)
- [x] Title VI, Part A Subpart 2 (Transferability)

Signature Information: The Board of Trustees submitted a Common Assurances form to the Office of Public Instruction for the 2002-03 school year, and no circumstances affecting the validity of the assurances have changed since its submittal. Further, the Board of Trustees has certified that the Common Assurances for Federal Programs and Specific Program Assurances for those programs in which this district/agency participates are accepted as the basic conditions for local participation and assistance in the operation of the projects/programs listed above.

Signature
Designated Authorized Representative
for ESEA Consolidated Application

Date:

- [x] Superintendent
- [ ] Principal (if there is no Superintendent)
- [ ] County Superintendent (if there is no Superintendent or Principal)
- [ ] Approved Exception

NOTE: When personnel changes occur in the positions listed above, the new person will become the Designated Authorized Representative. This responsibility may be assumed by the Chairperson of the Board of Trustees if requested in writing to Nancy Coopersmith at the address shown at the top of this page.

IV. Final Allocation (OPI USE ONLY)

Project Number	Prime App LE	Prime App Name	Final Allocaton for this LE	Final Total Project Allocation
3907123106	0712	Deer Lodge Elem	167189	167189

ESEA Title I, Part A—Directions for Selection of Eligible Attendance Areas (Schools) and Determination of Allocation for Each Area (School)

		Complete pages 4 and 5 for each legal entity district. For example, pages 4 and 5 for Havre Elementary District (LE 0427) and pages 4 and 7 for Havre High School District (LE 0428). A K-12 district such as Superior (LE 0579) would complete pages 4 and 7 for all schools.
1.	Determine if ranking is needed.	An LEA with an enrollment of less than 1,000 students or with only one school per grade span is not required to allocate funds to schools in rank order. No ranking requirements, determination of districtwide average or determination of per pupil expenditure is necessary. These LEAs may fund schools according to the size and scope of the program. However, separate budgets for each school in these districts must be maintained internally by the district. All other LEAs with enrollment of 1,000 students or more must rank schools and allocate funds according to the directions below. These districts must also maintain separate budgets (internally) for each school served.
2.	If ranking is required, select low-income measure.	Measure may be: • The number of children ages 5-17 in poverty from the Census (not available by school). • The number of children eligible for free/reduced lunch or free milk. • The number of children in families enrolled in FAIM or other welfare. • The number of children eligible to receive Medicaid. • A composite of the above (must be weighted).
3.	Determine "eligible attendance areas."	Calculate the percentage of children from low-income families in the LEA as a whole. Fill in totals and averages in boxes across in each box in the top row for columns b, c and d. Eligible attendance areas are those in which the percentage of children from low-income families is at least as high as the percentage of the LEA as a whole. Exceptions: • Any school attendance area may be designated as eligible if at least 35 percent of the children are from low-income families. • An LEA may skip and not serve an eligible attendance area if: (1) the school meets the comparability requirements of Section 1120A(c); and (2) the school is receiving supplemental funds from other state or local sources that are spent for programs that meet the requirements of Title I and those funds are **at least the same** as would have come from Title I.
4.	Determine if all eligible schools can be funded.	**Set-Asides** The LEA must reserve sufficient funds to provide comparable services to children in local institutions for neglected children, if any, and, where appropriate, for homeless children not attending participating schools, and neglected and/or delinquent children in community day school programs, if any. Administrative funds for central office expenses related to Title I must also be reserved, if needed. (Indirect at the rate approved for the district by OPI can also be taken to cover some of these costs.) See page 4 for information on additional set-asides that may apply. **Use of Low-Income Measure** Funds must be allocated to eligible school attendance areas or eligible schools in rank order based on the total number of children from low-income families in each area or school. Feeder pattern data may be used for middle schools and high schools. **Attendance Areas Below 35 Percent Poverty Rate** When an LEA serves one or more schools with a poverty percentage less than 35 percent, the LEA must allocate to each funded school at least 125 percent of the per pupil amount of total funds received, based on the low-income measure selected by the LEA.
If LEA's allocation is insufficient to fund all eligible attendance areas, go to Step 5.		
5.	Determine eligible schools to fund.	**Schools Above 75 Percent Poverty Rate** The LEA first must allocate funds to eligible school attendance areas at or above 75 percent poverty rate in rank order regardless of grade span. **Remaining funds** If funds remain after serving all eligible school attendance areas at or above 75 percent, the LEA may rank the remaining eligible school attendance areas either districtwide or by grade span and then serve in rank order. If ranking remaining areas districtwide, the districtwide poverty average must be used. If ranking by grade span groupings, the LEA may use 1) the districtwide poverty average, or 2) the grade span poverty averages from the respective grade span groupings. If an LEA has no school attendance areas above 75 percent poverty, the LEAs may rank districtwide or by grade span groupings. **NOTE:** The district may continue to serve for one additional year an ineligible school that was eligible the previous year. Also, please designate amounts for services to private school students if any are participating.

See directions on page 3.

ESEA Title I, Part A—Selection of Eligible Schools and Determination of Allocation for Each School

Use for Elementary Districts Only

Prime Applicant District: Deer Lodge Elem

CO: 39 LE: 0712

Adjusted Title I Allocation

Total Title I Allocation for LEA	$ 167,189	Use separate page for each district that receives an allocation, i.e., elementary, high school, or K-12 district (according to legal entity or LE).
District Set-Asides		
1. Amount withheld by LEA for districtwide costs.	$	Funds withheld at the district level must benefit all participating schools and must be determined in consultation with personnel and parents from participating schools, including any participating nonpublic schools.
2. 5 percent (at least) for Professional Development (Required unless all teachers and paraprofessionals in Title I schools are highly qualified.)	$ 8,359	Funds must be used to first assist any Title I teacher and then any teacher in a Title I school to become highly qualified, as needed, to meet new requirements of the No Child Left Behind Act. Funds may also be used to assist instructional paraprofessionals, paid with Title I funds, or any instructional paraprofessional in a schoolwide program to meet the requirements of the No Child Left Behind Act.
3. Parent Involvement	$	A minimum set-aside of 1 percent is required if the district's Title I allocation is $500,000 or more. (show only 5 percent of the required 1 percent). Only 5 percent of these funds may be used at the district level. Ninety-five percent of 1 percent of the funds for parent involvement must be included in the sub-allocation to a participating school.
4. Homeless or Neglected Programs	$	See directions on page 3, number 4.
5. Set-aside for Public School Choice and/or Supplemental Education Services	$	If one or more Title I schools are identified for improvement, set-aside 20 percent of the district's allocation unless a lesser amount is needed or funds to meet the 20 percent requirement will come from other sources.
Amount of funds available for sub-allocation to eligible schools.	$ 158,830	

Use this per pupil amount if all schools served have <u>35 percent or greater poor count</u>.

Amount Available to Schools After Set-asides	No. of Poor Students in Eligible Schools (Include Private)	Per Pupil Amount
$ 158,830	÷ 246	= $ 645

LEAs having under 1,000 students or only one school per grade span do not have to complete this section, but must complete the rest of this form to indicate which schools will be served and the allocation for each although ranking and per student amounts do not have to be observed.

Use this per pupil amount if any school served has <u>less than 35 percent poor count</u>.

Total LEA Allocation	Total No. of Poor Students in District (Include Private)	125%	Per Pupil Amount
$	÷	X 1.25	= $

LEAs having under 1,000 students or only one school per grade span do not have to complete this section, but must complete the rest of the following page to indicate which schools will be served and the allocation for each although ranking and per student amounts do not have to be observed.

Specify Poverty Measure Used: (i.e., free and reduced meals) Free and Reduced

(Poverty measure and enrollment used on page 5 must reflect same month)
Month Used: May, 2005

Complete if a varying per pupil amount will be used for different grade spans.

List below any nonpublic school to be served, if any. Funds must be listed in column (h) above in appropriate attendance areas. List below amount for services to each nonpublic school or the amount in the total pool of funds for services to all nonpublic schools to be served.

Notes:
(1) It is important to obtain a poor child count for kindergarten so that those children generate Title I funds for their school. The count may be calculated as a percentage of the actual count of students in subsequent grades.
(2) The LEA must reserve the amount of funds generated by private school children and in consultation with appropriate private school officials may (a) combine those amounts to create a pool of funds from which the LEA provides equitable services to eligible private school children in greatest need of those services; or (b) provide equitable services to
school. In either case, private school children must reside in eligible attendance areas in order to generate allocation amounts for private schools.

See directions on page 3.

ESEA Title I—Improving the Academic Achievement of the Disadvantaged Part A—Improving Basic Programs Operated by Local Educational Agencies (Local District Plan Components)

Prime Applicant District: Deer Lodge Elem CO: 39 LE: 0712

1. This plan is coordinated with other programs under the No Child Left Behind Act of 2001 (NCLB), the individuals with Disabilities Education Act, the Carl D. Perkins Vocational and Technical Education Act, the McKinney-Vento Homeless Assistance Improvements Act of 2001, and other Acts as appropriate.

   ☒ Yes ☐ No

2. Describe any high quality student academic assessments (if any) that are in addition to the statewide academic assessment system that the district will use for any of the following reasons:
   a. to determine the success of children served under this Title I, Part A in meeting state student academic achievement standards and to provide information to teachers, parents, and students on the progress being made toward meeting the State student academic achievement standards;
   b. to assist in diagnosis, teaching and learning in the classroom in ways that best enable low-achieving children served under Title I, Part A to meet State student achievement academic standards and do well in the local curriculum;
   c. to determine what revisions are needed to projects under Title I, Part A so that such children meet the State student academic achievement standards; and
   d. to identify effectively students who may be at risk for reading failure or who are having difficulty reading, through the use of screening, diagnostic, and classroom-based instructional reading assessments, as defined under Reading First.

   Note the academic assessments and indicators described in item 2 above and item 3 below shall not be used for any of the following:
   a. in lieu of the academic assessments required under section 1111(b)(3) and other State academic indicators under section 1111(b)(2) of NCLB; or
   b. to reduce the number of, or change which, schools would otherwise be subject to school improvement, corrective action, or restructuring under section 1116 of NCLB, if such additional assessments or indicators were not used but such assessments and indicators may be used to identify additional schools for school improvement or in need of corrective action or restructuring.

---

a. The Title I programs in Deer Lodge Elementary District #1 are taught by four different highly qualified teachers: K, 1-2, 3-5, and 6-8. We test children in Title I using ITBS and Measured Progress assessments to determine their success in meeting state student academic achievement standards. Results of these assessments are shared with teachers, parents, and students. b. The Title K teacher assesses students with sight words, coloring activities, math manipulatives, and a check using "show or tell me how it works." Teachers in 1-5 use the SRA reading series. Scripted reading lessons in SRA provide immediate daily feedback to teachers and students. The five indicators leading to proficiency in reading - phonemic awareness, phonics, vocabulary, fluency, and comprehension - are addressed with SRA and supplementary materials. In math a heavy emphasis is placed on manipulatives. These children are very concrete learners. If they can see and feel the shape, it makes math more real and understandable. In the 6-8 classes the teacher uses the chapter and unit exams from both reading and math texts plus results of ITBS and Measured Progress assessments. c. 47% of our population receives free and/or reduced lunch. We have included a breakfast program because having something nutritious at the start of the day helps students succeed. We will continue to have weekly meetings for Title I staff. Sharing ideas through each of their four assignments has proved valuable. d. Depending on budgetary constraints, our plan is to purchase a new scientifically based reading series as our next book procurement. We do screen students through the ITBS and Measured Progress assessments in grades 3-8; teachers in K-3 assess students through observation, and use of the assessments from the scientifically based reading series. Teachers in 4-8 use chapter and unit tests, observation and measures from standardized tests.

ESEA Title I—Improving the Academic Achievement of the Disadvantaged Part A—Improving Basic Programs Operated by Local Educational Agencies (Local District Plan Components)

Prime Applicant District: Deer Lodge Elem CO: 39 LE: 0712

3. If the district wishes to add any "other indicators" to which it wishes to hold itself and its schools accountable for under AYP in addition to the indicators used by the state (attendance rate K-8 and graduation rate 9-12), describe the additional indicators.

4. Describe how the district will provide additional educational assistance to individual students assessed as needing help in meeting the State's challenging student academic achievement standards (e.g., What will constitute the Title I, Part A program assistance?)

We have built into our schedule a 90 minute reading block and and a 45 minute to an hour math block for K-5 teachers. With a concerted effort put toward reading and math, we feel our students both individually and collectively will have a better opportunity to be successful. Doing this, 75% of students in grades 4 and 8 will meet the goal of At or Nearing Proficient status in Math, Reading, and Science concepts by Spring of 2007 as measured by MontCAS, Phase 2.

5. Describe the strategy the district will use to coordinate programs under Title I, Part A with programs under Title II to provide professional development for teachers and principals, if appropriate, pupil services personnel, administrators, parents and other staff, including district level staff as required.

All teachers in Deer Lodge Elementary District are highly qualified. We invite all parents of Title I students to two meetings each year. The first meeting helps to explain the program, the second gives parents an opportunity to fill out a survey and ask questions about the program as it has been implemented during the course of the year. Professional development in technology has assisted Title I teachers in making more efficient use of their time for lessons, assessment and planning purposes. Another part of our professional development pertains to working with students who have different learning styles. This is important for Title I students as they may find learning in a different modality more akin to their understanding.

6. Describe how the district will coordinate and integrate services provided under Title I, Part A with other educational services at the district or individual school level such as
   a. Even Start, Head Start, Reading First, Early Reading First, and other preschool programs, including plans for the transition of participants in such programs to local elementary school programs; and
   b. Services for children with limited English proficiency, children with disabilities, migratory children, neglected or delinquent youth, Indian children served under Part A of Title VII, homeless children, and immigrant children in order to increase program effectiveness, eliminate duplication, and reduce fragmentation of the instructional program.

We are fortunate to have a Head Start program in our community. The Elementary District and the directors of Head Start have a collegial working relationship dedicated to the premise that we will take their children where they are and continue to provide services as required to assure these children reach the level of ability commensurate with their grade level. The Head Start staff helps with assessment of their children as they move into the elementary school and the Elementary District helps Head Start with their Parent Night activities.

We currently employ a Spanish speaking teacher who instructs junior high students in Spanish and facilitates the educational plan for younger migratory Spanish speaking children. We recognize the pull of family and understand we may have these children with us only a short time but while they are here, we will afford them the best education we can provide. We coordinate their instruction through the Spanish teacher to increase parental involvement, increase

ESEA Title I—Improving the Academic Achievement of the Disadvantaged Part A—Improving Basic Programs Operated by Local Educational Agencies (Local District Plan Components)

Prime Applicant District: Deer Lodge Elem CO: 39 LE: 0712

7. Describe how teachers, in consultation with parents, administrators, and pupil services personnel, in targeted assistance schools will identify the eligible children most in need of services.

Teachers, in consultation with parents, administrators and pupil services personnel review student performance in the classroom and on standardized tests to assure we identified children in need of services. Students are assessed by completion and performance on daily assignments, unit and chapter tests. Communication is key. We will continue to listen to parent concerns and look at all performances. Emotional and social concerns that impact a child's ability to be successful will continue to be a part of student profiles.

8. Provide a general description of the nature of the programs to be conducted by schoolwide and targeted assistance schools and, where appropriate, educational services outside such schools for children living in local institutions for neglected or delinquent children, and for neglected and delinquent children in community day school programs.

Students in Deer Lodge Elementary School District #1 who qualify for Title 1 services in Reading and/or Math in grades K-6 and Language and/or Math in grades 7-8 are taught by our Title 1 staff in a replacement setting. Students in these classes receive grades from their Title 1 teachers for classes they take. The paraprofessionals we employ are fully qualified. They assist the regular Title 1 teachers in the Title 1 classes.

We are the home school for the Galen School. The Galen School services children with severe emotional and behavioral disturbances. Students there come with a variety of academic skills. Each child is assessed and instructed

9. Describe how the local educational agency will ensure that migratory children and formerly migratory children who are eligible to receive services under Title I, Part A are selected to receive such services on the same basis as other children who are selected to receive services.

Our district makes a concerted effort to assure that migratory students' school records are reviewed when these children come to our school. We have a new students' group to help facilitate their inclusion in the school and academically we place them where their skills are best accommodated. Our counseling staff tests students to assure proper placement if the documentation is not clear about their abilities.

10. If appropriate, describe how the district will use funds under Title I, Part A to support preschool programs for children particularly children participating in Early Reading First, or in a Head Start or Even Start program, which services may be provided directly by the district or through a subcontract with the local Head Start agency designated by the Secretary of Health and Human Services under section 641 of the Head Start Act, or an agency operating an Even Start program, an Early Reading First program, or another comparable public early childhood development program.

We do not currently provide financial support to the local Head Start agency but we do have a planned collegial relationship with that entity and look to ways to accommodate those students who come into our district from their facility. We do have an early childhood program in conjunction with our district for those three-year-old children identified as needing services. This program is run through district funds employing a highly qualified teacher and highly qualified aide.

ESEA Title I—Improving the Academic Achievement of the Disadvantaged Part A—Improving Basic Programs Operated by Local Educational Agencies (Local District Plan Components)

Prime Applicant District: Deer Lodge Elem CO: 39 LE: 0712

11. Describe the actions the district will take to assist its low-achieving schools identified in need of improvement under Title I, Part A, if any.

We did make our AYP in the 2004-05 school year but are mindful that we still need to continue to treat the instruction of math and reading skills on the highest level. Because each group or class of children is different, next year's 4th and 8th grade classes may have an inordinate number of low achieving children or children in special education making it more difficult to make AYP. We will continue to give those students who are struggling the individualized help they need to be successful and we will continue to be mindful of their academic status.

12. Describe how the district will meet the requirements for highly qualified teachers and paraprofessionals contained in section 1119 of NCLB.

All teachers in the Deer Lodge Elementary District #1 are highly qualified. Paraprofessionals who are not yet "highly qualified" are planning to take a state approved course or take a written test to prove their competency.

13. Describe the services the district will provide homeless children, including services provided with funds reserved on page 4.

At present we do not have any identified homeless children. If and when we do, we will surely apply the help and funding these children need.

14. Describe the strategy the district will use to implement effective parental involvement as required by section 1118 of NCLB.

Parents are aware of their open invitation to be part of the Title I program. They are invited to come to twice-yearly meetings to discuss their child's progress. They receive a written progress report and are given the option of filling out a survey allowing them the opportunity for input.

15. Where appropriate, describe how the district will use funds under Title I, Part A to support after school (including before school and summer school) and school-year extension programs.

Currently, we do not offer any summer school program. We do have an after school program for students using the Lifeline program. We also have an After School Study Program for at-risk junior high students and a dedicated staff of teachers who are willing to help children after school whenever they ask.

ESEA Title I, Part A—Annual Budget 2005-2006

CFDA 84.010A

CONTINGENT UPON AVAILABILITY OF FEDERAL FUNDS

The budget period is July 1-September 30 (15 months). Amendments to this budget must be submitted to the OPI no later than September 1, 2006. **For Title I, separate budget pages must be prepared for the elementary and high school funds unless the budgeting/fiscal unit is a K-12 district (legal entity).**

Use this budget page only for the Elementary District 0712 (Legal Entity)

Use the next page if needed for a high school or K-12 district.

Use the allocation amounts provided by OPI to complete the Proposed Budget column. Directions for calculating the maximum indirect cost amount for Box 4 are found on Appendix A of this form. The maximum allowable carryover for districts with allocations of $50,000 or more is 15 percent of the previous year's allocation. The 15 percent carryover limitation will be applied as of September 30. Requests for waivers to the 15 percent limit may be requested once every three years and must be made in writing by June 1. Contact the OPI Title I specialist assigned to this project for directions. Districts with allocations of less than $50,000 are not limited to 15 percent carryover, but OPI may determine the district has excess carryover.

Prime Applicant District: Deer Lodge Elem **CO:** 39 **LE:** 0712

ESEA Title II, Part A—Teacher and Principal Training and Recruiting Fund

Prime Applicant District: Deer Lodge Elem CO: 39 LE: 0712

ESEA TITLE II, PART A INFORMATION

Purpose. The purpose of ESEA Title II, Part A is to **increase student achievement by:**

- Improving teacher and principal quality, and
- Increasing the number of highly qualified teachers and principals in schools.

Requirements for Title II, Part A Activities. Districts must use Title II, Part A funds to measurably raise student achievement, **particularly the achievement of low-performing students**. Applicants must show that the activities carried out under Title II, Part A are:

- Tied to challenging state and local standards, and
- Based upon a review of scientifically based research, and
- Have a substantial, measurable, and positive impact on student achievement.

All activities must be based upon:

- The Five-Year Comprehensive Education Plan data and goals,
- Scientifically researched practices,
- Disaggregated data, and
- Targeting the lowest performing schools, teachers, and students.

These activities must be used as part of a broader strategy to eliminate the achievement gap that separates the low-income and minority students from other students. Professional development activities must be coordinated with other federal, state, and local programs.

Non-supplanting Requirement. Expenditures must supplement, not supplant (replace) district funding responsibilities.

Serving Nonpublic Schools. Nonpublic schools, including home schools, must be invited to participate in the services of federal programs. Nonpublics may receive **only professional development** under Title II, Part A.

Professional Development Requirements. Districts must ensure the professional development needs of teachers and principals are met by including them, as well as parents, in needs assessment and planning. In addition to meeting the above criteria, professional development must be regularly evaluated for effectiveness, and must not be isolated one-day conferences or workshops. Training provided must be in the core content area taught and in teaching strategies that enable teachers to teach and address the needs of students with different distinct learning styles, improve student classroom behavior, and understand how to use data and assessments to improve classroom practice and student learning. Ongoing, sustained, intensive, high-quality professional development must be provided **to change classroom practice** to raise student achievement.

Local Needs Assessment Required. Each applicant district must conduct an assessment of local needs for professional development and hiring. Teachers, including Title I teachers, must be involved in the needs assessment and subsequent planning. The needs assessment must take into account activities that will give teachers subject matter and teaching skills and give principals instructional leadership skills to help teachers to help students meet challenging state and local achievement standards.

This needs assessment must take into account an analysis of the disaggregated data to identify students most likely to be at risk of not performing at proficient levels on measures aligned to state standards. This information is found in the district Five-Year Comprehensive Education Plan, Section A – Profile. See district disaggregated data at http://www.opi.mt.gov/assessment/.

Coordinating with Titles I, Part A and Title II, Part D. Title II, Part A funds may be used to help paraprofessionals and teachers meet the Title I highly qualified requirements. Title II, Part A funds may be used to train teachers to **use technology to teach** the core academic subjects. **NOTE:** Title II, Part A **cannot** purchase technology, be used to train teachers in the general use of technology or software, nor to hire a technology coordinator.

ESEA Title II, Part A—Teacher and Principal Training and Recruiting Fund

Prime Applicant District: Deer Lodge Elem CO: 39 LE: 0712

PROPOSED ACTIVITIES

Applicants may make one or more of the following choices, depending upon baseline data.

I. Professional development using scientifically based research and designed to increase student achievement. (See requirements on previous page.)

Will Title II, Part A funds be used for professional development?

[X] Yes (Complete this section.) [ ] No (Leave this section blank.)

If professional development will be provided, please check all that apply:

- [✔] Professional development provided by district personnel.
- [✔] Professional development provided outside the district.
- [ ] Professional development provided during the workday.
- [ ] Professional development provided outside the contracted time.

A. What long-term student achievement goal(s) based upon your baseline data will you fund **with Title II, Part A and redirected funds?**

Need More Space?

75% of students in grades 4 and 8 will meet the goal of At or Nearing Proficient status in Math, Reading and Science Concepts by Spring of 2007 as measured by MontCAS Phase 2.

B. Allowable professional development activities will improve the knowledge of teachers and principals, and, in appropriate cases, paraprofessionals in the following six areas. Please select those that advance the long-term goal(s) listed above.

1. Professional development in knowledge of the core academic subjects[1] that the teachers teach,
2. Professional development in improving teaching practices (effective instructional strategies, methods, and skills) and the use of challenging state standards,
3. Professional development in teaching and addressing the needs of students with different learning styles, particularly students with different learning needs (including gifted and talented) and students with limited English proficiency,
4. Professional development in improving student behavior in the classroom and identifying early and appropriate interventions to help students described in (3) above learn,
5. Professional development in involving parents in their child's education, and
6. Professional development in understanding and using data and assessments to improve classroom practice and student learning.

Number(s) from above	Planned activities to increase student achievement	
1	Improve core knowledge	Attend GTCC trainings
3	To help students with different	Do planned activities to illustrate how children with different
4	To improve student behavior by	Invite behavior experts to our schools who understand bullying

[1] Core academic subjects are English, reading or language arts, mathematics, science, foreign languages, civics and government, economics, arts, history, and geography. [ESEA Title IX, Part A, Section 9101 Definitions, (11)]

I. A. What long-term student achievement goal(s) based upon your baseline data will you fund **with Title II, Part A and redirected funds?** [continued]

75% of students in grades 4 and 8 will meet the goal of At or Nearing Proficient status in Math, Reading and Science Concepts by Spring of 2007 as measured by MontCAS Phase 2.

Return to Original Section

III. A. What data (information) do you have to show a need to retain this person(s)? [continued]

75% of students in grades 4 and 8 will meet the goal of At or Nearing Proficient status in Math, Reading and Science Concepts by Spring of 2007 as measured by MontCAS Phase 2. This will be accomplished by reducing class size and allowing more individualized help for students who are struggling to achieve At or Nearing Proficient status in Math, Reading and Science Concepts.

B. What long-term district goal will this retention help achieve? [continued]

Return to Original Section

ESEA Title II, Part A—Teacher and Principal Training and Recruiting Fund

Prime Applicant District: Deer Lodge Elem CO: 39 LE: 0712

II. Reduction of class size[2] to increase student achievement.

Will Title II, Part A funds be used for class size reduction?

[X] Yes (Complete this section.) [ ] No (Leave this section blank.)

A. What long-term goal based on your baseline data will reducing class size help you achieve?

75% of students in grades 4 and 8 will meet the goal of At or Nearing Proficient status in Math, Reading and

B. Based on this conclusion, use the chart below to show what classes will be reduced to increase student achievement.

Grade/subject to be reduced	Students/class without reduction	Students/class with reduction
Kindergarten	23	20

III. Retention of highly qualified teachers[3] and principals to increase student achievement.

Will Title II, Part A funds be used for teacher retention?

[ ] Yes (Complete this section.) [X] No (Leave this section blank.)

Financial incentives must be tied to a **proven measurable record of success** in raising student achievement and must continue to measurably raise student achievement. This is to reward the unusually exemplary teacher who consistently over time increases the achievement of low-achieving and low-income students. Across-the-board salary increases are not allowed.

A. What data (information) do you have to show a need to retain this person(s)? Need More Space?

B. What long-term district goal will this retention help achieve? Need More Space?

C. Use the chart below to indicate how you plan to retain highly qualified teachers,[3] particularly in schools with a high percentage of low-achieving students. Some examples of retention strategies from the law are:

1. Teacher mentoring from exemplary teachers or administrators,
2. Support for teachers in their first three years of service,
3. Incentives, including financial incentives, to retain teachers who have a record of success in helping low-achieving students improve, and
4. Incentives, including financial incentives, to retain principals who have a record of improving the academic achievement of all students, but particularly students from economically disadvantaged families, students from minority groups, and students with disabilities.

Number(s) from above	Initials of Retainee	Position (grade, subject)	Years in District	School Free & Reduced Lunch % (if any)	% of students in this school below proficiency	
					Reading	Math

IV. Recruitment of highly qualified teachers[3] to increase student achievement.

Will Title II, Part A funds be used for teacher recruitment?

[ ] Yes (Complete this section.) [X] No (Leave this section blank.)

A. What employment data shows that this position is difficult to fill? Need More Space?

B. What signing bonus or other incentive do you plan to offer? Need More Space?

C. How will you measure the increase in student achievement due to hiring this particular teacher? Need More Space?

[2] Only highly qualified teachers may be hired, including special education teachers, to reduce class size, particularly in the early grades. [ESEA Title II, Part A, Section 2123 Local Uses of Funds, (a) (8)]

[3] A highly qualified teacher at a minimum is certified and endorsed for the position to which assigned.

IV. A. What employment data shows that this position is difficult to fill? [continued]

B. What signing bonus or other incentive do you plan to offer? [continued]

C. How will you measure the increase in student achievement due to hiring this particular teacher? [continued]

Prime Applicant District: Deer Lodge Elem CO: 39 LE: 0712

COLLABORATION

List the positions of your Title II, Part A planning team, keeping in mind that every school in the district and each core academic area must be represented. The minimum composition must be teachers (including Title I teachers), principals, administrators, other relevant school personnel, and parents. An existing committee such as the School Improvement Committee may be used as long as it meets the minimum composition listed above.

Number of teachers	From (List Each Core Academic Area)	Representing what percentage of staff in that core subject
10	Math, Science, History, Language, Reading	25%
Number of paraprofessionals	**From (List each core academic area)**	**Representing what percentage of paraprofessionals in that core subject**
2	Math, Reading	50%
Number of principals	**From (List school grade level; e.g., K-8)**	
1	k-5	
1	6-8	
Number of other relevant school personnel	**From (e.g., librarian, counselor)**	
4	nurse, counselor (2), psychologist	
Number of administrators other than principals	**Position (superintendent, curriculum director, federal programs officer, etc.)**	
1	Superintendent of Schools	
Number of parents	**From (list student grade levels)**	
3	K-5	
3	6-8	
Number of other community members	**Position (school board member, business person, etc.)**	
3	School Board

3907126006	0712	Deer Lodge Elem	5108	5108

ESEA Title II, Part D—Enhancing Education Through Technology (Ed Tech)

Application Completion Guidance

1. **Program Goal:** This is the primary goal of the Ed Tech program.

2. **Technology Plans:** Districts are required to align their local technology plans with elements specified in the enabling legislation. Those elements are detailed in the Common Assurances for Federal Programs that the district has signed.

   Check "Yes" to indicate that the local alignment has been completed.

   Check "No" if it has not. NOTE: A "Yes" indication is required before allocated funds can be released to the district.

3. **Children's Internet Protection Act (CIPA):** The enabling legislation requires that districts certify their compliance with this act before allocated funds can be released to the district.

   Select the statement that reflects the manner in which the district has complied with the CIPA requirements.

4. **Accountability Measures:** The enabling legislation requires that districts have implemented accountability measures to ensure that the activities funded with Ed Tech funding are effective in integrating technology into curricula and instruction, increase the ability of teachers to teach with technology, and enable students to meet challenging state standards.

   Many districts have incorporated the accountability measures into their technology plans and have included items such as:
   - Professional Development Evaluations,
   - Software and Hardware Evaluation tools and methods,
   - Surveys of teachers, administrators and students' skills [i.e., Taking A Good Look at Instructional Technology (TAGLIT), Golden Triangle Curriculum Cooperative Technology Survey, etc.], and
   - School Improvement goals and action plans (Five-Year Comprehensive Education Plan, etc.).

   Check "Yes" to indicate that the accountability measures have been completed.

   Check "No" if they have not been completed. NOTE: A "Yes" indication is required before allocated funds can be released to the district.

5. **Goals and Objectives:** This area remains the same with the exception of slight wording changes in the objectives. The changes were made to improve clarity and to align more closely with the data.

   As before, the objectives require one of two data sources:

   - Taking A Good Look at Instructional Technology (TAGLIT) (Objectives 1.1, 3.1, and 4.1), or
   - Technology Standards Self-Assessment for Teachers (Objectives 2.1, 2.2, and 2.3) (formerly known as the Eisenhower Teacher Self-Assessment and Professional Development Study).

   Select one objective that is the same as last year's selection.

   The baseline growth data need only be updated every other year. To check the status of your district's data, go to http://www.opi.mt.gov/EDTech/ and open the "District Data Requirements for 2005-2006" document.

   See the Data Display Samples on page 24 of this document for assistance.

6. **Strategies to Meet the Objectives:** For the objective selected, choose from the available options all of the statements that apply to the strategies the district will employ to move toward the accomplishment of the objective selected. Then, allocate the budget for the professional development and other strategies related to accomplishing the objective.

   As a reminder, a minimum of 25 percent of the district allocation for the Ed Tech program must be for professional development related to the technology objective selected. The professional development section on page 25 must indicate a minimum of 25 percent of the total allocation for professional development.

   One hundred percent (100%) of the district's Ed Tech funds must be allocated in one of the budget categories found on page 25.

ESEA Title II, Part D—Enhancing Education Through Technology (Ed Tech)

Prime Applicant District: Deer Lodge Elem CO: 39 LE: 0712

Program Goal: The primary goal of the Ed Tech program is to improve student academic achievement through the use of technology in elementary and secondary schools. It is also designed to assist every student—regardless of race, ethnicity, income, geographical location, or disability—in becoming technologically literate by the end of eighth grade, and to encourage the effective integration of technology through professional development and curriculum development to promote research-based instructional methods that can be widely replicated. Source: Guidance on the Enhancing Education Through Technology (Ed Tech) program, U.S. Department of Education, March 11, 2002.

Technology Plan

☒ Yes ☐ No District technology plan has been updated to include the required elements as stated in the Common Assurances for Federal Programs.

Children's Internet Protection Act (CIPA) (Check Only One)

☒ Yes District receives E-Rate funding and has certified CIPA compliance to the E-Rate program, OR

☐ Yes District does not participate in the E-Rate program, however, hereby certifies that it is CIPA compliant, OR

☐ Yes District does not participate in the E-Rate program and the CIPA requirements do not apply because no funds are used to purchase computers used to access the Internet, or to pay the direct costs associated with accessing the Internet.

Accountability Measures

District has implemented accountability measures to ensure that activities funded under this part are effective in:

☒ Yes ☐ No
(1) integrating technology into curricula and instruction;
(2) increasing the ability of teachers to teach with technology; and
(3) enabling students to meet challenging state standards.

Goals and Objectives from the OPI Technology Plan

(Select **one** objective that is the same as last year's selection.)

Goal No. 1

Integrating Technology into Curriculum and Instruction: All Montana teachers will be effective and efficient integrators of technology into their curriculum and teaching.

☐ Yes Measurable Objective1.1: One hundred percent (100%) of district teachers will rate themselves as a "3" or better as measured by the Teachers' Technology Use in Teaching and Learning section of the TAGLIT* by spring 2007.

Goal No. 2

Integrating Technology into Curriculum and Instruction: All Montana teachers will know, understand and be able to teach the content knowledge required by the Montana Technology Content and Performance Standards for students.

☐ Yes Measurable Objective 2.1: One hundred percent (100%) of district teachers will know, understand and be able to teach the content knowledge required by the Montana Technology Content and Performance Standard 3—Students use a variety of technologies for Communication—by spring 2007 as measured by the Technology Standards Self-Assessment for Teachers,** standard 3.

☐ Yes Measurable Objective 2.2: One hundred percent (100%) of district teachers will know, understand and be able to teach the content knowledge required by the Montana Technology Content and Performance Standard 6—Students apply technological abilities and knowledge to construct new personal understanding—by spring 2007 as measured by the Technology Standards Self-Assessment for Teachers,** standard 6 subsection.

☐ Yes Measurable Objective 2.3: One hundred percent (100%) of district teachers will know, understand and be able to teach the content knowledge required by the Montana Technology Content and Performance Standard 2—Students use a variety of Technologies to Enhance Productivity—by spring 2007 as measured by the Technology Standards Self-Assessment for Teachers,** standard 2 subsection.

Goal No. 3

Increasing the Ability of Teachers to Teach: All Montana teachers and principals will be technologically proficient.

☒ Yes Measurable Objective 3.1: One hundred percent (100%) of teachers will rate themselves as a "3" or better as measured by the Teachers' Technology Skills section (basic tools, multimedia tools, communication tools, research/problem-solving tools) of the TAGLIT* by spring 2007.

Goal No. 4

Enabling Students to Meet Challenging State Standards: All Montana students will be technologically proficient by eighth grade.

☐ Yes Measurable Objective 4.1: One hundred percent (100%) of students will rate themselves as a "3" or better as measured by the Students' Technology Skills section (basic tools, multimedia tools, communication tools, research/problem-solving tools) of the TAGLIT* by spring 2007.

Strategies to Meet the Objectives / Budget Allocation Worksheet

For the objective selected, respond to the following options and delineate the budget as needed to progress toward meeting the objective. Ongoing, sustained, intensive, high-quality professional development must be provided to meet the objective utilizing a minimum of 25 percent of the district's funding under this title.

Professional Development Strategies and Expenses **(related to accomplishing the selected objective)**

Check all that apply:

- [x] Professional development provided by district personnel
- [ ] Professional development provided outside the district
- [x] Professional development provided during the workday (in-service)
- [ ] Professional development provided outside the contracted time

Professional Development Budget Items **(required to be a minimum of 25 percent of total budget)**

Complete all that apply:

$ 1,500 Salaries, stipends, etc.

$ Travel expenses for professional development

$ Contracted services, supplies and materials

Other Strategies and Expenses **(related to accomplishing the selected objective)**

Check all that apply:

- [ ] Salary for district level technology integration/support staff
- [ ] Purchase Supplies and Materials (technology curriculum integration)
- [x] Purchase Software: (specify type) Math support
  (Example: Reading support software, Math support software, typing program, etc.)
- [ ] Purchase Hardware: (specify)
  (Example: 1 computer for reading lab with printer, replacement monitor for math lab computer, etc.)

Other Strategies Budget Items

Complete all that apply:

$ Salaries (technology curriculum integration, technology support)

$ 3,518 Contracted services, software and hardware

Total District Allocation:	Total amount allocated above: (Must be the same as the total district allocation.)	Percent of total budget allocated for professional development:
$ 5,108	$ 5,018	29.00

☐ **_____% Complete both columns.**

Permitted Activities and Allowable Use of Funds

Districts may use available SDFSC funds (Title IV, Part A, Section 4115) to develop, implement, and evaluate comprehensive programs and activities, which are coordinated with other school and community-based services and programs, and that are based on the **Principles of Effectiveness** that requires programs and activities to:

- be based on an assessment of objective data;
- be based on a set of performance measures that ensure schools have a safe, orderly, and drug-free learning environment;
- be based on scientifically based research that provides evidence that the activity used will reduce violence and illegal drug use;
- be based on analysis of data on the prevalence of risk factors and protective factors; and
- provide ongoing consultation with and input from parents in the development and administration of the activity.

Select the activities you intend to implement and indicate the percentage of funds that will be used for each activity. **Note: This form also serves as the Final Program Report for the district's 2004-05 program. Please indicate the percentage of funds dedicated to the following activities for that project year.**

Authorized Activity	Budget Limitations	2004-05 %	2005-06 %
GROUP 1 Activities Age appropriate and developmentally based activities or curricula that: • address consequences of violence and illegal drug use • promote individual responsibility • teach students that most people do not illegally use drugs • teach social and peer pressure skills to resist illegal drug use • teach about the dangers of drugs • engage students in the learning process • reinforce in the secondary schools the prevention activities initiated in elementary schools	**Not less than 60% of the awarded funds must be spent on Group 1 activities.**	0	22
• involve families, community and drug/violence prevention providers to set clear expectations against violence and illegal use of drugs		0	0
• dissemination of drug and violence prevention information to schools		0	0
• training of school personnel, parents, and community members in prevention related to drug and violence prevention		17	16
• community-wide planning		0	0
• school-based mental health services related to drug use and violence		0	0
• conflict resolution programs, peer mediation		14	7
• alternate education services for violent or drug abusing students to reduce the need for suspension or expulsion or that serve students who have been suspended or expelled from regular educational settings		0	0
• counseling, mentoring, referral services and other student assistance practices		0	0
• programs to encourage students to seek advice from a trusted adult regarding drugs and violence		21	19
• drug and violence prevention activities designed to reduce truancy		11	12
• violence prevention and education programs that address prejudice and intolerance, respect the rights of others, and resolve conflicts without violence		23	24
• testing of students for illegal drug use or inspecting student lockers for weapons or illegal drugs or drug paraphernalia (consistent with the Fourth Amendment to the U.S. Constitution)		0	0

ESEA Title IV, Part A—Safe and Drug-Free Schools and Communities Prevention Program Components

Prime Applicant District: Deer Lodge Elem CO: 39 LE: 0712

Authorized Activity	Budget Limitations	2004-05 %	2005-06 %
GROUP 1 Activities (continued) • emergency intervention services following traumatic crisis events		0	0
• systems for transferring suspension and expulsion records by an LEA			0
• character education programs as a component of drug and violence prevention programs		0	0
• school safety hotlines		0	0
• community service and service-learning projects		0	0
• background checks of LEA employees and prospective employees		0	0
• youth suicide prevention programs and suicide prevention plans		0	0
• programs for students faced with domestic violence or child abuse		14	0
• evaluation and the collection of objective data to assess program needs and program success		0	0
• after-school or before-school program		0	0
• special or one-time events (e.g., Red Ribbon Week)		0	0
GROUP 2 Activities • acquiring and installing metal detectors, electronic locks, surveillance cameras or related equipment; canine searches • reporting criminal offenses committed on school property • developing and implementing comprehensive school security plans • supporting safe zones of passage which may include bicycle and pedestrian safety programs	**Not more than 20% of the awarded funds can be spent for any or all of the Group 2 activities.** (But NONE can be spent if 40% is spent on Group 3. For every 1% spent on Group 2, Group 3 must be reduced by 1%.)	0	0
GROUP 3 Activities • hiring and training of school security personnel, including school resource officers, in support of drug and violence prevention activities that are implemented in the school	**Up to 40% of the awarded funds may be spent for Group 3 activities.**	0	0
GROUP 4 Activities • administration costs	**Not more than 2% of the awarded funds can be spent on Group 4.**	0	0
OTHER • indirect costs	**Must have an approved ICR on file with OPI.**	0	0
TOTAL BUDGET		**100%**	**100%**

Prohibited Activities and Prohibited Use of Funds

The federal Office of Management and Budget determines certain activities for which SDFSC funds may not be used. The following list is not exhaustive. Contact SDFS staff (Cathy Kendall, (406) 444-0829 or e-mail, cakendall@mt.gov) prior to obligating funds for activities which are not allowable or which may be questionable:

- Construction
- Treatment
- Food and beve
- Costs of promotional items and memorabilia, including models, gifts, and souvenirs. Other items prohibited under this classification include awards, rewards, incentives, and clothing. (OMB Circular A-87)
- Any other activities that do not meet the Principles of Effectiveness or are not consistent with the intent and purpose of Title IV, Part A, SDFSC (Sec 4115).

ESEA Title IV, Part A
Safe and Drug-Free Schools and Communities

Prime Applicant District: Deer Lodge Elem CO: 39 LE: 0712

Program Goal: To help ensure that schools are safe, disciplined and drug-free by implementing high quality drug and violence prevention programs.

Objectives
(Check all applicable boxes)

- [x] Provide age and developmentally appropriate activities that address illegal drug use and violence that comply with the **Principles of Effectiveness.**
- [ ] Acquire or implement school security measures.
- [ ] Hire school security personnel, including school resource officers.
- [ ] Administration
- [ ] Other
  - [x] Schoolwide programs
  - [ ] Indirect costs

Desired Outcomes
(Check all applicable boxes)

Reduce the prevalence of risk factors identified in your needs assessment. Using the district's baseline data, indicate the percent of reduction that will occur in the 2005-06 school year.

	% of Reduction
[x] Alcohol Use	10
[x] Tobacco Use	15
[x] Illegal Drugs	15
[x] Violence	10

Increase in the prevalence of protective factors. Indicate the percent of increase in the protection factors.

	% of Increase
[x] Building a supportive learning community through: • challenging and engaging curriculum • opportunities for participation and service (involvement of families, students, school personnel and community)	15

Other

- [x] Comprehensive and systematic plans for improving school climate, safety and discipline
- [ ] Security
- [x] Staff Training
- [ ] Parent Education

What behaviors are you addressing, and how did you determine that they require attention? Provide specific information such as: number of school discipline reports for violence, the percent of students using illegal substances, numbers of "minor in possession" violations, etc.

1) 57% of 8th graders used alcohol under the age of 13 - Youth Risk Behavior Survey (YRBS, 2003).
2) 30% of 8th graders have tried cigarettes - Prevention Needs Assessment (2004)
3) 33% of 8th graders have carried a weapon this past 30 days (YRBS, 2003)
4) 20% of 8th graders feel they've been attacked to harm - Prevention Needs Assessment (2004)
5) 30% of 8th graders have tried some type of drugs - Prevention Needs Assessment (2004)

Where did you get your data?
(Check all applicable boxes)

- [x] Youth Risk Behavior Survey
- [x] Prevention Needs Assessment
- [ ] School Discipline Records
- [ ] Other, such as law enforcement reports, Kids Count Survey, etc.

ESEA Title V, Part A—Innovative Program

Prime Applicant District: Deer Lodge Elem CO: 39 LE: 0712

ESEA TITLE V, PART A INFORMATION

The projects and activities implemented must meet three statutory requirements:

- Tied to promoting challenging academic achievement standards,
- Used to improve student academic achievement, and
- Part of an overall education reform strategy.

Local Districts Must:

- Conduct a local needs assessment (see your Five-Year Comprehensive Education Plan),
- Consult wit
  and implementation of programs,
- Plan use of funds based upon identified needs,
- Provide equitable services to nonpublic schools within the district,
- Raise student achievement and/or the quality of education, and
- Provide a Title V, Part A Final Program Report.

Apply two tests to determine allowable costs:

- Expenditures must relate to student instruction and not to the management of classrooms, libraries, or offices, and
- Expenditures must supplement, not supplant (replace) any other federal, state, or local education funds.

ESEA TITLE V, PART A APPLICATION

Equitable services to nonpublic schools.

Nonpublic schools participating:

☑ **None participating**

☐ **Yes, some are participating. Please list the names of all nonpublic schools (including home schools) that will participate in Title V, Part A during the 2005-06 school year:**

Systematic consultation with parents, teachers, administrators and other groups involved (such as librarians, school counselors, or other pupil services personnel): What is the make up of your Title V, Part A needs assessment and planning committee?

Number of parents		From (student grade level)
3	K-5	
3	6-8	
Number of teachers		**From (List each grade level and core academic area)**
10	Math, Science,	
	Social Studies/Hist.	
	Language	
Number of principals		**From (List school grade level; e.g., K-8)**
1	K-5	
1	6-8	
Number of pupil services personnel		**From what area (library, counseling, etc.)**
4	Nurse, Counselor	
	Psychologist

	Percent of funds	Total No. students served	Percent of funds	Total No. students served
A. Education Reform and School Improvement				
Will any Title V, Part A and redirected funds be expended for Education Reform and School Improvement? ☐ **Yes (Fill out this section)** ☒ **No (Leave this section blank)**				

Need More Space?

What long-term student achievement goal(s) based on your baseline data will you fund with Title V, Part A and redirected funds?

INSTRUCTIONS: Indicate the percentage of distribution among the activities supported by the district public and nonpublic Title V, Part A and redirected funds. When choices in all sections are finalized, each column headed "percent of funds" must total 100%.

Number(s) from below	Specific planned activities to increase student achievement based on the need(s) above.

Need More Space?

1. Promising education reform projects, including magnet schools.				
2. Programs to establish smaller learning communities in accordance with federal guidelines on this program.				
3. Activities that encourage and expand improvements throughout the area served by the LEA that are designed to advance student academic achievement.				
4 Programs and activities that expand learning opportunities through best-practice models designed to improve classroom learning and teaching.				
5. Programs that employ research-based cognitive and perceptual development approaches and rely on a diagnostic-prescriptive model to improve students' learning of academic content at the preschool, elementary, and secondary levels.				
6. Supplemental educational services, as defined in section 1116(e) of the ESEA Title I.				
7. School improvement programs or activities under sections 1116 and 1117 of the ESEA Title I.				
SCHOOLWIDE: Percentage of district funds used to implement approved Schoolwide Programs as authorized in section 1114 of Title I, Part A. (Allowable only to districts with one or more schools with a schoolwide plan on file at the OPI or a plan that will be submitted by September 30.)				

Title V, Part A Prime Applicant District: Deer Lodge Elem CO: 39 LE: 0712

ALLOWABLE CHOICES	PUBLIC Percent of funds	PUBLIC Total No. students served	NONPUBLIC Percent of funds	NONPUBLIC Total No. students served
B. Professional Development and Class-Size Reduction				
Will any Title V, Part A and redirected funds be expended for Professional Development and Class-Size Reduction? ☒ **Yes (Fill out this section.)** ☐ **No (Leave this section blank.)**				
8. Programs to recruit, train, and hire highly qualified teachers[1] to reduce class size, especially in the early grades, and professional development activities carried out in accordance with Title II of the ESEA, that give teachers, principals, and administrators the knowledge and skills to provide students with the opportunity to meet challenging state or local academic contents standards and student academic achievement standards. (Must follow Title II, Part A rules.)	100	45		
I. PROFESSIONAL DEVELOPMENT using scientifically based research and designed to increase student achievement.				
Will any Title V, Part A and redirected funds be expended for professional development? ☒ **Yes (Complete this section.)** ☐ **No (Leave this section blank.)**				

If professional development will be provided, please check all that apply:

☐ Professional development provided by district personnel. ☐ Professional development provided during the workday.

☐ Professional development provided outside the district. ☐ Professional development provided outside the contracted time.

Need More Space?

A. What long-term student achievement goal(s) based on your baseline data will you fund with Title V, Part A and funds redirected to Title V, Part A?

INSTRUCTIONS: Indicate the percentage of distribution among the activities supported by the district public and nonpublic Title V, Part A and redirected funds. When choices in all sections are finalized, each column headed "percent of funds" must total 100%.

Number(s) from below	Specific planned activities to increase student achievement based on the need(s) above.

Need More Space?

B. Allowable professional development activities will improve the knowledge of teachers and principals, and, in appropriate cases, para-professionals in the following six areas. Please select those that advance the long-term goal(s) listed above.				
1. Professional development in knowledge of the core academic subjects[2] that the teachers teach, 2. Professional development in improving teaching practices (effective instructional strategies, methods, and skills) and the use of challenging state standards, 3. Professional development in teaching and addressing the needs of students with different learning styles, particularly students with different learning needs (including gifted and talented) and students with limited English proficiency,				

[1] A highly qualified teacher at a minimum is certified and endorsed for the position to which assigned.

[2] **Core academic subjects are English, Reading or Language Arts, Mathematics, Science, Foreign Languages, Civics and Government, Economics, Arts, History and Geography [ESEA TitleIX,PartA]**

Title V, Part A Prime Applicant District: Deer Lodge Elem CO: 39 LE: 0712

ALLOWABLE CHOICES	PUBLIC Percent of funds	PUBLIC Total No. students served	NONPUBLIC Percent of funds	NONPUBLIC Total No. students served
4. Professional development in improving student behavior in the classroom and identifying early and appropriate interventions to help students described in (3) above learn,				
5. Professional development in involving parents in their child's education, and				
6. Professional development in understanding and using data and assessments to improve classroom practice and student learning.				
II. REDUCTION OF CLASS SIZE to increase student achievement.				
Will Title V, Part A and redirected funds be expended for class size reduction? [X] **Yes (Complete this section.)** [ ] **No (Leave this section blank.)**				
A. What long-term student achievement goal(s) based on your baseline data will you fund with the Title V, Part A and redirected funds?				

Need More Space?

90% of kindergartners will meet our curriculum goals to progress to first grade by spring 2006.

6 of the students are retentions, 30+ are average and above and 20 will need remedial help from Title I.

B. Based on this conclusion, use the chart below to show what classes will be reduced to increase student achievement.

Grade/subject to be reduced	2003-04 Student/teacher Ratio	2004-05 Student/teacher Ratio
Kindergarten (it was also reduced in 2003-04)	52:1	17:1

C. Parental Options

Will any Title V, Part A or redirected funds be expended for Parental Options?

[ ] **Yes (Fill out this section.)** [X] **No (Leave this section your baseline blank.)**

ESEA Title VI, Part B—Rural Education Initiative (REI) (A.K.A. REAP) Subpart 2—Rural Low-Income Schools (RLI)

Prime Applicant District: Deer Lodge Elem CO: 39 LE (Elem or K-12) : 0712 LE (High School) :_____

The Rural Education Initiative (REI) Subpart 2—Rural Low-Income Schools (RLI) allows eligible local education agencies to use funds allocated under this subpart for any of the following:

- Teacher recruitment and retention (Title II, Part A),
- Teacher professional development (Title II, Part A) or (Title II, Part D),
- Educational Technology (Title II, Part D),
- Parental involvement for activities as appropriate to the titles,
- Title I, Part A,
- Title III—Language Instruction for Limited English Proficient and Immigrant Student activities, or
- Title IV, Part A—Safe and Drug-Free Schools and Communities.

Eligible local education agencies (LEAs) are those LEAs that:

(a) are not eligible for Title VI, Part B, Subpart 1—Small Rural Schools program,
(b) serve only schools that have a School Locale Code of 6, 7 or 8, and
(c) have a poverty rate of at least 20 percent as determined by Census data.

1. **To determine district eligibility and review program information, access the spreadsheet and other information at http://www.opi.mt.gov/RuralEd/Index.html - or check page 44 to determine if the district has an RLI allocation.**

2. **Is the district eligible to participate in the RLI program?**

☐ Yes If you answered YES, go to question 3.

☑ No If you answered NO, **stop**. Do not complete the rest of this form.

3. **Complete the Applicant's Intended Use of Funds table below by indicating what percent of allocated RLI funds will be used for the allowable activities.**

Applicant's Intended Use of Funds

Use of Funds	Percent of RLI Funds	
	Elem or K-12	High School
Teacher recruitment and retention (Title II, Part A)		
Teacher professional development (indicate: ☐ Title II, Part A or ☐ Title II, Part D)		
Educational technology (Title II, Part D)		
Parental involvement activities (title program for which funds will be used: _____)		
Title I, Part A activities		
Title III Language Instruction for Limited English Proficient and Immigrant Student activities		
Title IV, Part A—SDFSC activities		

4. **Complete the Annual Budget for the RLI Title VI, Part B, Subpart 2 program.**

Note:
Accountability—Districts must account for the use of these funds programmatically under the title for which the activities most closely align. An RLI-specific project number has been assigned to track these funds and fiscal accountability remains with the RLI project.

Assessment—Districts must administer an assessment that is consistent with the requirements of Title I and must report to the OPI data on (a) the increase/decrease in student academic achievement, (b) the increase/decrease in student dropout rates, and (c) such other factors that the OPI may identify in order to determine the district's effectiveness in improving academic achievement.

ESEA Title VI, Part B, Subpart 2 Rural Low-Income Schools—Annual Budget 2005-2006

CFDA 84.358B

CONTINGENT UPON AVAILABILITY OF FEDERAL FUNDS

The budget period is July 1-September 30 (15 months). Amendments to this budget must be submitted to the OPI no later than September 1, 2006.

The maximum allowable carryover for districts or consortia of districts is 25 percent of the previous year's allocation. The 25 percent carryover limitation will be applied as of September 30. Requests to carryover funds in excess of the 25 percent limit must be made in writing by June 1. Contact the OPI for directions.

Prime Applicant District: Deer Lodge Elem CO: 39 LE: (Elem or K-12) 0712 LE: (High School) _____

ESEA Title VI, Part A, Subpart 1 Budget Equipment Justification Page

Prime Applicant District: Deer Lodge Elem CO: 39 LE: 0712

5a. Describe Equipment:

Example Indirect Cost Calculation

To calculate Indirect Costs on Line 4: If approved rate is 4.32% and total grant award is $40,000 and equipment cost on Line 5 is $5,500:

$$\frac{\text{Indirect Cost Rate}}{(1.00 + \text{Indirect Cost Rate})} \times \text{Total Award less Equipment (Line 5) (\$40,000 - \$5,500) = Line 4}$$

$$\frac{.0432}{1.0432} \times \$34{,}500 = \$1{,}428.68 \text{ (Line 4)}$$

To check, multiply the approved rate times Line 3.

The current indirect cost rate for school year 2005-06 can be found at: http://www.opi.mt.gov/SchoolFinance/Acct.html

2005-2006 ESEA Title VI, Part A, Subpart 2 Transferability of Funds

District Name: Deer Lodge Elem

Legal Entity No. (Elem or K-12) 0712
Legal Entity No. (High School) _____

Title VI, Part A, Subpart 2 provides a local education agency (LEA) the flexibility to redirect the use of a portion of its formula grant allocations for certain federal ESEA programs to supplement its formula grant allocation under certain other federal ESEA programs. An LEA can only redirect funds within its administrative unit and between programs in which the LEA participates.

Note: **Districts eligible for Title VI, Part B, Small Rural Schools (SRS) stop here. Do not complete this form. For redirection of allocated funds, complete the SRS program page 43 in the consolidated application.**

Notes: **An LEA may not redirect the use of any of its Title I, Part A funds to any other title.**
An LEA that intends to redirect funds must conduct consultations with private school officials (as per Section 9501 of ESEA) if the proposed redirect of funds takes funds from a program that provides services to students, teachers or other educational personnel from private schools.

Limits on Transferability of Funds—Percent of Funds

An LEA that has not been identified as being in need of improvement under Title I, Part A or as being subject to corrective action under Title I, Part A may redirect the use of **up to 50 percent** of its formula allocation from any or all of the four listed programs to any of the five listed programs.

An LEA that has been identified as being in need of improvement under Title I may redirect the use of **up to 30 percent** of its formula allocation from any or all of the four listed programs to supplement its school improvement activities or for improvement activities under Title I Section 1116(c).

An LEA that has been identified as being subject to corrective action under Title I may not redirect the use of any funds.

Transfer of Funds

- In the following table, enter into the appropriate column the percent of funds you are redirecting from a title (those listed in the first column) to a different title (those listed in the first row).
- If you are redirecting funds, you must submit a Budget and Program Modification Request for Federal Programs form for each title from which you are redirecting funds.
- Use the Modification Request form to modify only the **programs** impacted by the redirection; you do not need to modify the budgets because you will fiscally account for the funds under the program from which the funds were originally allocated.
- You may describe the program changes on the Modification Request form or you may attach revised pages from your consolidated application to the Modification Request form.

Title from which funds are being redirected	Title to which the use of funds is being redirected									
	Title I Part A		Title II Part A		Title II Part D		Title IV Part A		Title V Part A	
	Elem or K-12	HS	Elem or K-12	HS	Elem or K-12	HS	Elem or K-12	HS	Elem or K-12	HS
Title II Part A	37%									
Title II Part D										
Title IV Part A										
Title V Part A			50%							

Fiscal/Program Reporting: I understand that any funds redirected for the use in another title will be accounted for fiscally under the title from which the funds were originally allocated and programmatically under the title for which they were used.
