

AN ACT APPROPRIATING MONEY TO VARIOUS STATE AGENCIES FOR THE BIENNIUM ENDING JUNE 30, 2009; AND PROVIDING AN EFFECTIVE DATE.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MONTANA:

Section 1. Short title. [This act] may be cited as "The General Appropriations Act of 2007".

Section 2. First level expenditures. The agency and program appropriation tables in the legislative fiscal analyst narrative accompanying this bill, showing first level expenditures and funding for the 2009 biennium, are adopted as legislative intent.

Section 3. Severability. If any section, subsection, sentence, clause, or phrase of [this act] is for any reason held unconstitutional, the decision does not affect the validity of the remaining portions of [this act].

Section 4. Appropriation control. An appropriation item designated "Biennial" may be spent in either year of the biennium. An appropriation item designated "Restricted" may be used during the biennium only for the purpose designated by its title and as presented to the legislature. An appropriation item designated "One Time Only" or "OTO" may not be included in the present law base for the 2011 biennium. The office of budget and program planning shall establish a separate appropriation on the statewide accounting, budgeting, and human resource system for any item designated "Biennial", "Restricted", "One Time Only", or "OTO". The office of budget and program planning shall establish at least one appropriation on the statewide accounting, budgeting, and human resource system for any appropriation that appears as a separate line item in [this act].

Section 5. Program definition. As used in [this act], "program" has the same meaning as defined in 17-7-102, is consistent with the management and accountability structure established on the statewide accounting, budgeting, and human resource system, and is identified as a major subdivision of an agency ordinally numbered with an Arabic numeral.

Section 6. Personal services funding -- 2011 biennium. (1) Except as provided in subsection (2), present law and new proposal funding budget requests for the 2011 biennium submitted under Title 17, chapter 7, part 1, by each executive, judicial, and legislative branch agency must include funding of first level personal services separate from funding of other expenditures. The funding of first level personal services by accounting entity or equivalent for each fiscal year must be shown at the fourth reporting level or equivalent in the budget request

for the 2011 biennium submitted by October 30 to the legislative fiscal analyst by the office of budget and program planning.

(2) The provisions of subsection (1) do not apply to the Montana university system.

Section 7. Totals not appropriations. The totals shown in [this act] are for informational purposes only and are not appropriations.

Section 8. Effective date. [This act] is effective July 1, 2007.

Items designated as OCHE--Administration (01), Student Assistance Program (02), Improving Teacher Quality (03), Talent Search (06), Workforce Development (08), Appropriation Distribution Transfers (09) [excluding Agriculture Experiment Station, Extension Service, Forest and Conservation Experiment Station, Bureau of Mines and Geology, Bureau Ground Water Program, and Fire Services Training School], Guaranteed Student Loan (12), and Board of Regents (13) are a single biennial lump-sum appropriation.

General fund money, state and federal special revenue, and proprietary fund revenue appropriated to the board of regents are included in all Montana university system programs (5100). All other public funds received by units of the Montana university system (other than plant funds appropriated in [LC 3], relating to long-range building) are appropriated to the board of regents and may be expended under the provisions of 17-7-138(2). The board of regents shall allocate the appropriations to individual university system units, as defined in 17-7-102(13), according to board policy.

The Montana university system, except the office of the commissioner of higher education and the community colleges, shall provide the office of budget and program planning and the legislative fiscal division banner access to the entire university system's banner information system, except for information pertaining to individual students or individual employees that is protected by Article II, sections 9 and 10, of the Montana constitution, 20-25-515, or the Family Educational Rights and Privacy Act of 1974, 20 U.S.C. 1232g.

The Montana university system shall provide the electronic data required for human resource data for the current unrestricted operating funds into the MBARS system. The salary and benefit data provided must reflect approved board of regents operating budgets.

Item OCHE--Administration (01) includes an appropriation for a new, indirect cost-recovery plan that includes funding for a report from the commissioner of higher education, by August 2008, to the education and local government interim committee on the status and funding for the indirect cost-recovery plan that includes a recommendation for funding that plan in

the 2011 biennium.

If the legislature does not amend Governor's Postsecondary Scholarship Program to expand the number or size of the scholarship awards authorized in Title 20, chapter 26, part 6, this item is reduced by \$250,000 in fiscal year 2008 and \$500,000 in fiscal year 2009, and OCHE--Student Assistance Program is increased by \$139,768 in general fund money in fiscal year 2008 and \$221,900 in general fund money in fiscal year 2009 to support the Montana higher education grant (MHEG) program.

WICHE/WWAMI/MN Dental Program is restricted so that any surplus funding may be transferred only to other student financial aid programs in Program 02.

Contingent upon passage and approval of an educator loan assistance program by the 2007 legislature, there is appropriated \$1.05 million in general fund money in the 2009 biennium to fund that program.

The variable cost of education for each full-time equivalent student at the community colleges, including Summitnet, is \$1,815 each year of the 2009 biennium. The general fund appropriation for OCHE--Community College Assistance (04) provides 48.5% of the fixed cost of education plus 48.5% of the variable cost of education for each full-time equivalent student in fiscal year 2008 and 49.3% of the fixed cost of education plus 49.3% of the variable cost of education for each full-time equivalent student in fiscal year 2009. The remaining percentage of the budget must be paid from funds other than those appropriated for OCHE--Community College Assistance.

The general fund appropriation for OCHE--Community College Assistance (04) is calculated to fund education in the community colleges for an estimated 2,411 resident FTE students in both fiscal year 2008 and fiscal year 2009. If total resident FTE student enrollment in the community colleges is greater than the estimated number for the biennium, the community colleges shall serve the additional students without a state general fund contribution. If actual resident FTE student enrollment is less than the estimated number for the biennium, the community colleges shall revert general fund money to the state in accordance with 17-7-142.

Total audit costs are estimated to be \$57,600 for the community colleges for the biennium. The general fund appropriation for each community college provides 48.5% of the total audit costs in the 2009 biennium. The remaining 51.5% of these costs must be paid from funds other than those appropriated for OCHE--Community College Assistance. Audit costs for the biennium may not exceed \$18,500 for Dawson, \$16,600 for Miles, and \$22,500 for Flathead Valley community college.

Community College Assistance will be distributed to the three community colleges equally for new program development or capital investments.

The legislature defines rates for the Montana university system self-funded workers' compensation program to mean the amount necessary to maintain the plan on an actuarially sound basis.

Revenue anticipated to be received by the Montana university system units and colleges of technology include interest earnings and other revenue of \$2,136,468 each year of the 2009 biennium. These amounts are appropriated for current unrestricted operating expenses as a biennial lump-sum appropriation and are in addition to the funds shown in OCHE.

costs.

Of the \$2 million 6-mill levy and \$2 million general fund appropriation for equipment and technology in Equipment and Technology, \$1.75 million must be matched on a one-to-one basis from nonstate funds identified by the board of regents. The grant process for distributing these funds, administered by the office of the commissioner of higher education in consultation with the state workforce investment board (SWIB), must require this one-to-one funding match by applicants and give scoring priority to grants that include matching funds. Matching funds may include federal revenue, private revenue, and other nonstate university funds. The funding match may include in-kind revenue only if that revenue is equipment itself, cost reductions offered for purchased equipment, or space to house equipment. The office of the commissioner of higher education shall certify to the office of budget and program planning that an allowable funding match has been committed from an eligible revenue source, as evidenced by a commitment letter from that funding source. This appropriation is restricted so that 6-mill levy revenue may not be awarded to the community colleges.

Of the \$1.5 million general fund appropriation for high demand programs in Workforce Training--Program Development, \$700,000 must be matched by no less than one-half the appropriation amount, with nonstate funds identified by the board of regents. The grant process for distributing these funds, administered by the office of the commissioner of higher education in consultation with the state workforce investment board (SWIB), must require this funding match ratio and give scoring priority to grants that include matching funds. Matching funds may include federal revenue, private revenue, and other nonstate university funds. The funding match may include in-kind revenue only if that revenue is equipment itself, cost reductions offered for purchased equipment, or space to house equipment. The office of the commissioner of higher education shall certify to the office of budget and program planning that an allowable funding match has been committed from an eligible revenue source, as evidenced by a commitment letter from that funding source.

Yellow Bay Biological Station is restricted; \$100,000 each fiscal year is restricted to laboratory work associated with Flathead basin water quality monitoring, and \$25,000 each fiscal year is restricted to limnological investigations on Whitefish Lake in partnership with the Whitefish Lake institute.

MSU-Northern Science and Water Programs is contingent upon passage and approval of House Bill No. 116 of the 2007 regular session.

Montana Tech Advanced Nursing Workforce Program is restricted to funding the costs to the university system associated with courses at Montana tech for advanced nursing students' transition to the workforce in partnership with the St. James healthcare foundation.
