To whom it may concern:

I'm writting in reguards of Montana title loan, I really hope your not planning on closing this business.
I depend on Montana title loan alot, and I am greatful that they even are around.
I dont have the regular means to go into a credit union or commercial bank to borrow money or loan.
Montana title loan have been up front and honest with me from the beginning, I have taken out several loans from this company.
It really makes it nice for me when I need extra money for emergency etc, that I can contact the employees at MT. title loan and they have helped me out alot.
If you borrow money from any Bank or Credit union of course your gonna pay interest, just like buying a new Car you'll have interest.
With them giving me a loan, it not only helps me, but everyone else that depends on them.
Nowdays with the Economy so bad and hard to make ends meat, everyone needs to have some place you can turn to and depend on when times get hard.
I really hope you really dont take this drastic matter & shut down Montana title loan

Thank you
